Make your food taste batter

COMPANY PROFILE

Established in the year 1984, Nagpal Agro Foods has been delivering authentic range of homemade Indian food to millions of customers. We excel in a wide variety of indigenous pickles, murabba, chutneys jams & sharbat & your recipes are directly driven out of vintage food cultures of country's small towns: varying in consistency & composition, our unique products are prepared to suit the consumers' demands & preferences since decades. The prestigious brand is rooted on the vision of its respected owners late Lala Fakir chand nagpal & Swaroop chand nagpal who started this initiative from ground level. This entire set up was based in small villages of India from where it grew to become what it is today, currently, the company is operated by company's trusted allies & partners.

OUR MISSION

Our mission is to stand among eminent indigenous food brands of the country & deliver premier quality products to our loyal consumers spread across regions. We seek to maintain a gold standard in authenticity & nutrition value of our products while providing the best of Indian cuisine in the millions of kitchens out there. We pursue excellence that is not limited to the taste of the food & reaches the values of health & nourishment, one seek from it. We also aspire to produce opportunities of growth & enrichment for staff, employees, distributors & business partners associated proudly with our company.

OUR VISION

We, at Nagpal Agro Foods believe in the utmost goodness of Indian food & hope to make its presence felt across the world. In an effort to promote Indian cuisine, we aim to deliver authentic recipes taken directly from age-old traditions that are enhanced with a modern touch. Having created a range of healthy & appetizing delicacies, we pursue a dream of seeing our native products achieve a top-notch spot in food business with millions of satisfied customers in the country. Our vision is to make people embrace the merit of Indian food before they head out to appreciate western food preferences.
